

Tesla, Inc. is an American electric vehicle and clean energy company based in Palo Alto, California. Tesla's current products include electric cars, battery energy storage from home to grid-scale, solar panels and solar roof tiles, and related products and services. Tesla was founded in July 2003 by Martin Eberhard and Marc Tarpenning as Tesla Motors. Elon Musk, who contributed significantly to Tesla's early funding, has served as CEO since 2008.

#### Risk Factors:

1. Competition from traditional automotive manufacturers and new market entrants.
2. Production and supply chain risks.
3. Dependence on critical suppliers and components.
4. Changes in government regulations and incentives.
5. Operational challenges in scaling production.
